A message from the headteacher:

Our aim is to provide a place where your child is happy and really well cared for, with a wide range of learning opportunities. We have a personalised approach for each individual child.

The Garstang St Thomas Nursery motto is:

LOVE, LAUGHTER AND LEARNING

We've chosen to make our provision teacher led which shows our commitment to making our setting of the highest quality provision. We have got an excellent team of experienced early years practitioners in place – people who are caring, knowledgeable, enthusiastic and will go the extra mile for your child.

We want to be a nursery team that you can trust and rely on, and a place that you would highly recommend to others.

I look forward to watching your child get the most out of our early years provision.

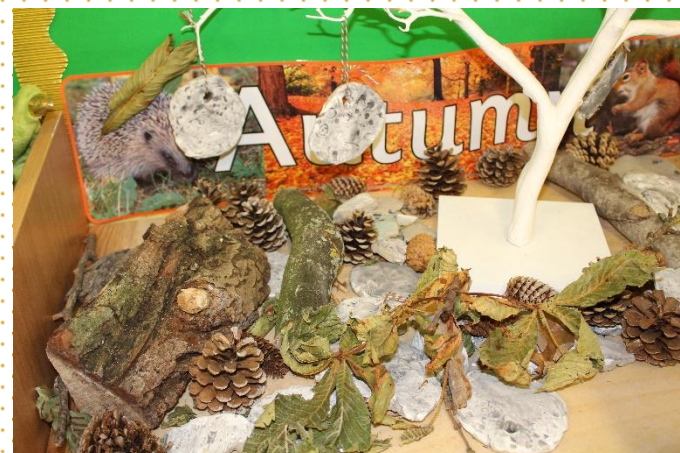

Best wishes,

Jim Blakely
Headteacher
